THE GAZETTE. THURSDAY EVENING, APRIL 22.

MENDING WITH PLASTER.-If you have a crack in the wall in the corner of the room, or anywhere else, do not send for the plasterer, but get five or ten cts. worth of plaster of Paris, wet with cold water; then take your finger and rub it into the crevice till it is smoothed. Bad nail holes in the wall can be done in the same way, Should the top of your lamp become loose, take it off and wash it with soap; wash the glass also, then put the plaster around the glass; put the brass top on again, let it stand until hardened, and it is ready for use again. A lamp never should be filled quite full, as the kerosene softens the plaster.

The difficulty of complying with the requirements of the law in the District of Columbia, levying a tax of one and one-half per cent. on personal property, the disparity between the amount of revenue Congress intended to collect from that source (one hundred thousand dollars) and the amount the phraseology of the law would exact, (one million five hundred thousand dollars,) is so enormous. says the Washington Chronicle, as to justify the Commissioners to delay its execution until Congress shall again convene.

The essence of true nobility is the neglect of self. Let the thought of self pass in and the beauty of a great action is gone, like the bloom from a flower.
